

# SITE DIAGRAM

..... Standard 3m x 3m site size

## 1 SITE

— — Your stall must fit within this standard size to be classed as 1 site.

— — If your stall exceeds the standard site in any direction, you will require 2 or more sites.

Particular items that may exceed the site can be:

- Towbars
- Gas cylinders
- Awnings

Ensure these items are factored in when stating your required site size

## 2 SITES
